English

Fabiola's field of expertise is to provide advice in legal corporate matters, such as drafting corporate documents and agreements, for both individuals and companies.

### Areas include:

- Legal and corporate consulting of individuals and corporations.
- Draft and/or review documents, contracts, agreements, covenants and legal instruments.
- Company updating (draft company minutes; review of minutes; verify business records; review company legal books; review and verify the company's history from formation to present day; register company minutes).

Within her professional career, Fabiola worked for three national banks, one foreign oil company, one transnational pharmaceutical laboratory, and one company in the agro-business sector outside Venezuela.
